

The 2022 ECHS-NM Spring Convening, starring YOU, is sure to be a hit!

We're excited about the opportunity to come together in person again on Tuesday, April 19 from 10:30 a.m. to 2:30 p.m. in Grants!

We are also pleased to share the agenda with you. In addition to learning more about the GCCS ECHS program and reconnecting with one another, our focus will be two-fold:

- working toward addressing challenges identified in previous convenings; and
- planning for further extending equity into the digital workforce.

If you haven't registered yet, we encourage you to do so by April 8 for planning purposes. If unable to attend, we ask that you send an assistant principal, counselor, curriculum coordinator, or someone else in a leadership role so they participate on behalf of your program. We want every ECHS represented!

As a reminder, every school-based leader who attends will be entered into a drawing for a school Amazon account.
